

World TB Day March 24, 2013

On World TB Day, we recognize the partnerships at the local, state, national and global levels that make it possible to reach those at highest risk for TB, and to identify and implement innovative strategies to fight TB.

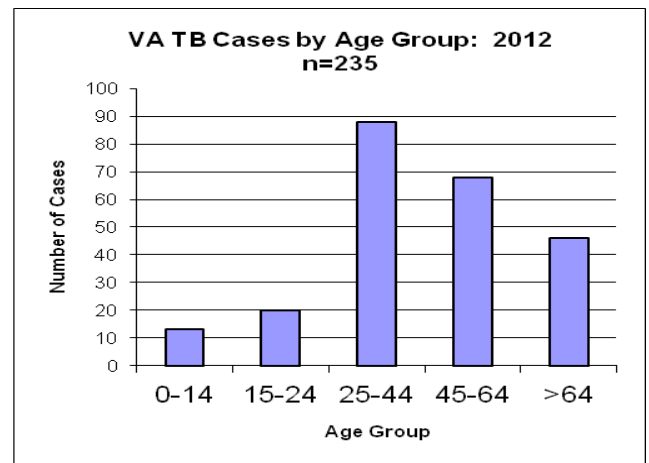

TB Globally

- In 2011 there were 8.7 million cases of TB
- Over 1.4 million deaths occurred in 2011, including 430,000 that were associated with HIV
- Globally in 2011, MDR-TB was seen in nearly 630,000 cases

TB in the United States

- In 2012 the United States reported 9,951 TB cases for a rate of 3.2/100,000
- Falling below 10,000 cases is a significant milestone

TB in Virginia

- Virginia reported 235 cases in 2012 for a rate of 2.9/100,000
- Foreign-born cases saw an increase from 160 in 2011 to 183 in 2012
- US born cases declined from 61 in 2011 to 52 in 2012
